

PUBLIC WORKS DEPARTMENT

PUBLIC NOTICE – STAGE 3 Construction

August 8, 2016

RE: NW 6th & NORWOOD INTERSECTION IMPROVEMENTS
Camas Project: S-584

Dear Neighborhood Resident:

This letter is being sent to alert you to some temporary traffic changes that will probably impact your commute WEST, towards Vancouver; and also EAST to Downtown Camas. These temporary changes are related to the Round-About construction currently underway at NW 6th and NORWOOD Street. PLEASE READ THROUGH THIS INFORMATION CAREFULLY.

On, or about Wednesday, AUGUST 17th, the north leg of the intersection at NW 6th & NORWOOD will be CLOSED FOR SEVERAL WEEKS, as shown on the attached plan view. The closure will allow for construction of the northerly part of the Round-About to be completed.

Also, once the closure occurs, and in an effort to facilitate commuter access to SR-14 WESTBOUND (WB), we will open a temporary access from NW 6th Place directly to the SR-14 WB ON-RAMP, as shown on the enclosed image.

The closure at NORWOOD will also affect your route to Downtown Camas, and other areas to the east. Depending on the location of your home, will require drivers to use one of several routes to access NW 6th Avenue farther to the East, such as using NW Norwood Street and NW 10th Avenue.

We apologize in advance for any inconvenience you may experience as a result of the project. Please remember to give yourself some extra "Commute-Time" whenever leaving your home, with the understanding that your drive duration is likely to require an additional 5 or 10 minutes, depending on your destination. If you have any questions, please contact me at (360) 817-7234 or via email at jhodes@cityofcamas.us.

Sincerely,

James Hodges
Project Manager
